

Newsletter May 2010

Driver of the Month

The driver of the month for May is Jerry Hubbard. Jerry is very safe in everything he does. He has been going above and beyond his normal duties lately and has been helping do many road tests and training new drivers. He is very safe and always does a great job. Congratulations Jerry Hubbard

2010 Truck Rodeo

The 2010 Truck Rodeo will be held on June 5th at the Adams County Fairgrounds. Terry Polsdofer will be competing this year. If you have ever been interested in competing in the truck rodeo, please come out and see what it is all about. Good luck Terry!

Watch Your Speed

Everyone really needs to watch their speed. Law enforcement agencies have declared a no tolerance policy on speeding. This means you can get cited for speeding even if you are going just 1 MPH over the speed limit. Speeding tickets will hurt your CSA 2010 scores and can get you rejected by our insurance. It will make it harder for you to change jobs and will affect your career for many years. Speeding is unsafe and is the biggest cause of accidents. Think about the consequences before you choose to speed.

2nd Quarter Safety Meeting

The 2nd quarter safety meeting will be held in the Apex shop on Saturday June 26th at 8:00 AM. This meeting is mandatory for all employees. We will have a Colorado State Patrol Officer here to do a load securement presentation. Rick Jenkins from Flood and Peterson will be here to talk about Road Fit 365. We will also review CSA 2010 and the new DOT physical requirements. After the meeting will be a BBQ and then we will have a fork lift certification class. If you would like to join the forklift certification class please let Megan know. If you use the fork lift at all you need to sign up to be certified or come in and show Megan your current certification.

Watch out in the Roundabout

The roundabout is now open. Everyone needs to be very careful and pay attention. People are not used to this and it will take time for people to learn how to use it properly. Watch out for the passenger vehicles. It is best to stop and give them the right away, even if you have the right of way, than to get into an accident where someone could be hurt.

Safety Incentive Program

Butch Hanna won the safety incentive drawing for May. Thanks for being safe Butch!

May Birthdays!

Happy Birthday to following employees

Daryl Curry	Dan Farson	Bill Hitchens
Lee Housley	Dan Roe	Pep Trujillo
Kevin Ward	John Wildee
